

SEED CORN HYBRIDS

3614

114 DAY MATURITY

PLANT HT: Medium-Tall

EAR HT: Medium

EAR FLEX: Semi-Determinate

VIGOR: Very Good

STALK: Very Good

ROOTS: Very Good

PLANT HL: Very Good

DRY DOWN: Good

DROUGHT: Good

POPULATION: 30,000-36,000

Strong performance on highly productive soils

Well adapted for central & eastern corn belt

High yield potential with medium-high population

Good nothern movement
